

OFFER

We look forward to see you at:

Graphics of the Americas 2008

Date: February 28 - March 1, 2008
Location: The Miami Beach Convention Center,
Miami Beach, Florida, USA
Stand no.: 356 - Hall C
Site: www.graphicsoftheamericas.com

Drupa 2008

Date: May 29 - June 11, 2008
Location: Messe Düsseldorf,
Düsseldorf, Germany
Stand no.: C 30 - Hall 12
Site: www.drupa.com

OFFSET PRESSES

EGS supplies offset presses,
makes:

- Heidelberg
- Man Roland
- Koenig & Bauer
- Komori
- Mitsubishi

All machines delivered
with guarantee and in any
technical condition wished for.

Roland 4 colours offset press

Type:	R 304 HOB
Age:	2002
Impressions:	55,4 mio.
Size:	52 x 72 cm
Equipped with:	Rolandmatic, Technotrans cooling and circulating device, CCI computer controlled inking regulation, CPL, stream feeder, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, Wekotron powder spray as-is
Condition:	as-is
Available:	March 2008
Ref.:	227206078

Müller Martini perfect binder

Type:	Trendbinder 3009
Age:	1999
Equipped with:	handfeeding station, 15 stations gatherer 3691 with ASIR, reject delivery, set-up element, 2 jogging elements, transfer element into binder, 18 clamps, 2 spine preparation units, Hotmelt spine gluing with Premelter, Hotmelt side gluing with Premelter, pile cover feeder, conveyor system, three-knife trimmer Merit S, stacker CB-16
Condition:	as-is
Available:	immediately
Ref.:	1191577201

BINDERY EQUIPMENT

EGS supplies bindery equipment,
makes:

- Müller Martini
- Kolbus
- Wohlenberg
- Stahl - MBO - GUK
- Polar - Perfecta

Also bindery equipment rebuilt by our
own EGS FUTURA-Program.

Ask for the EGS FUTURA-folder!

WANTED... Your surplus printing presses and bindery equipment!

EGS are always interested in purchasing your surplus printing presses and bindery equipment. Please send us your machinery details (Make - Type - Year - Description) by fax (+31 73 6214465) or e-mail (info@egs.nl). Or visit our web site, www.egs.nl, click on Offers - Your Offer and fill out the form.

OFFSET PRESSES

10 COLOURS

Heidelberg SM 102-10-P6, 2001
95 mio., 74 x 102 cm, perfecting 10/0 - 5/5, S-Module, CP2000, Alcolor Vario dampening, inking unit temperature control, cooling and circulating device, Preset, Autoplate, InkLine, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, non-stop delivery, non-stop feeder, Grafix powder spray unit

8 COLOURS

Roland R 308 HOB, 1997
40 mio., 52 x 74 cm, perfecting 8/0 - 4/4, RCI, CPL, Rolandmatic film dampening, Technotrans cooling and circulating device, electro-mechanical double sheet control, specially coated cylinder surface for plate cylinder, specially coated cylinder surface for blanket cylinder, specially coated cylinder surface for impression cylinder, automatic inking roller wash-up device, automatic blanket wash-up device, automatic impression cylinder wash-up device, pneumatic side-lays, electronic double sheet control, suction tape feeder, Grafix Hitronic S powder spray unit

6 COLOURS

Komori L-640+LX, 1992
96 mio., 72 x 102 cm, coater, EH model, APC, AMR Automatic Make Ready system, PQC remote control, Komorimatic dampening, Technotrans cooling and circulating device, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, hickey picker, UV-Interdecks, UV-dryer, powder spray unit

Roland R 606 LW, 1989
150 mio., 72 x 102 cm, RCI, Rolandmatic, rapid plate clamps, IR-dryer, Baldwin cooling and circulating device, powder spray unit

Komori L-628+L, 2000
19 mio., 52 x 72 cm, EM model, extended delivery, Komorimatic dampening, PQC remote control, KMS IV Komori Monitoring System, KHS-Pre-Inking, semi-automatic plate changing, automatic inking roller wash-up device, automatic blanket wash-up device, cocking register device, chromed plate cylinder, powder spray unit

Heidelberg SM 52-6-P2, 2002
37 mio., 36 x 52 cm, perfecting 1/5 - 6/0, CP2000, Alcolor, Autoplate, Technotrans cooling and circulating device, suction belt in feeder, electric

side-lay control, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, Grafix Alphatronic 200 powder spray unit

5 COLOURS

Heidelberg SM 102-5, 2001
136 mio., 72 x 102 cm, CP2000, Autoplate Plus, Preset, Alcolor Vario dampening, Technotrans cooling and circulating device, inking unit temperature control, InkLine, Eltex ion blower, CleanStar, Weko powder spray unit

KBA Rapida 72-5+LX, 1998
105 mio., 52 x 72 cm, coater, extended delivery, Colortronic, Alcomatic dampening, cooling and circulating device, anti-static in feeder, semi-automatic plate change, automatic blanket wash-up device, automatic inking roller wash-up device, sheet decurler, Eltosch IR/hot air dryer, Weko T77 powder spray unit

Komori L-528 ES, 2001
51 mio., 52 x 72 cm, Komorimatic dampening, cooling and circulating device, KMS IV Komori Monitoring System, PQC remote control, rapid plate clamps, stream feeder, anti-static in feeder, sheet decurler, automatic inking roller wash-up device, electronic side-lay control, Weko powder spray unit

Heidelberg SM 52-5, 1998
64 mio., 36 x 52 cm, plus-version, CP-Tronic, CPC 1-04, Alcolor, cooling and circulating device, Autoplate, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, Grafix Alphatronic powder spray unit

4 COLOURS

Roland R 704 3B, 2000
110 mio., 72 x 104 cm, perfecting 2/2 - 4/0, Roland Deltamatic, Technotrans cooling and circulating device, inking unit temperature control, RCI2 register remote control, PPL semi-automatic plate change, automatic blanket wash-up device, automatic inking roller wash-up device, chromed blanket cylinder, chromed impression cylinder, AirGlide delivery, Grafix Hitronic S powder spray unit

Heidelberg SM 102-4-P3, 1999
102 mio., 72 x 102 cm, perfecting 2/2 - 4/0, Autoplate, Alcolor Vario dampening, Technotrans inking unit temperature control, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, non-stop delivery, DryStar

Heidelberg SM 102-4-P3, 2002
77.8 mio., 72 x 102 cm, perfecting 2/2 - 4/0, CP2000, Preset Link, Autoplate, Alcolor, Technotrans cooling and circulating device, automatic impression cylinder wash-up device, automatic blanket wash-up device, automatic inking roller wash-up device, Eltex anti-static, sheet brake, Grafix Exatronic Plus powder spray unit

Heidelberg SM 74-4-H+L, 2000
87 mio., 52 x 74 cm, coater, CP-Tronic, CPC 1-04, Alcolor, Technotrans cooling and circulating device, Autoplate, chromed blanket cylinder, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, Grafix Alphatronic 200 powder spray unit

Heidelberg SM 74-4-H, 2001
74 mio., 52 x 74 cm, CP2000, Technotrans cooling and circulating device, Autoplate, chromed cylinders, Superblue, automatic impression cylinder wash-up device, automatic blanket wash-up device, automatic inking roller wash-up device, electronic double sheet control, electric side-lay control, Grafix Alphatronic 200 powder spray unit

Roland R 204 TOB, 1991
93 mio., 52 x 74 cm, RCI2 remote control, Rolandmatic, Edelmann cooling and circulating device, chromed impression cylinder, rapid plate clamps, tandem rollers, IR-dryer Schneider, powder spray unit

Komori L-420, 2002
12 mio., 37,5 x 52 cm, Komorimatic dampening, Aqua Press System, S-APC for semi-automatic plate change, register control, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, non-stop delivery, powder spray unit

Heidelberg GTO 52-4P, 1998
26 mio., 36 x 52 cm, perfecting 2/2 - 4/0, plus-version, DDS dampening, rapid plate clamp, anti-static, Weko powder spray unit

Ryobi 3304H, 1998
21 mio., 33 x 45 cm, PCS-F remote control, Ryobimatic dampening, cooling and circulation device, rapid plate clamps, powder spray unit

2 COLOURS

Heidelberg SM 102-2-P, 2000
135 mio., 72 x 102 cm, perfecting 1/1 - 2/0, Autoplate, Preset, Alcolor Vario dampening, Baldwin cooling and circulating device, automatic blanket wash-up device, automatic inking roller wash-up device, automatic impression cylinder wash-up device, powder spray unit

Heidelberg SM 52-2, 1998
2 colours offset press, 35 mio. impr., 37 x 52 cm, plus-version, Alcolor, MGE cooling and circulating device, Autoplate, automatic blanket wash-up device, automatic impression cylinder wash-up device, Weko powder spray unit

Roland RZK 3B, 1982
78 mio., 72 x 102 cm, conventional dampening, Royse cooling and circulating device, rapid plate clamps, sheet decurler, register system, powder spray unit

Heidelberg SM 74-2, 1996
43 mio., 53 x 74 cm, Autoplate, CP-Tronic, Alcolor, Baldwin cooling and circulating device, Technotrans inking unit temperature control, Eltex anti-static in feeder, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, powder spray unit

Heidelberg SM 74-2, 1998
17,3 mio., 52 x 74 cm, CP-Tronic, Alcolor, Baldwin cooling and circulating device, ionisation, Autoplate, suction belt in feeder, automatic inking roller wash-up device, automatic blanket wash-up device, automatic impression cylinder wash-up device, Superblue, Grafix Alphatronic 200 powder spray unit

Heidelberg SM 74-2-P, 1995
56 mio., 52 x 74 cm, perfecting 1/1 - 2/0, Alcolor, cooling and circulating device, Eltex ion blower, automatic blanket wash-up device, automatic impression cylinder wash-up device, Grafix Alphatronic powder spray unit

Roland R 202 E, 2001
52 x 74 cm, Rolandmatic, Mabeg, photo-electrical side-lay control, blanket wash-up device, pneumatic side-lays, non-stop delivery, Weko T6 powder spray unit, rapid plate clamps, mechanic double sheet control

Roland R 202 TOB, 1996
26 mio., 52 x 74 cm, Rolandmatic, cooling and circulating device, suction belt in feeder, electric side-lay control, pneumatic side-lays, rapid plate clamps, non-stop delivery, non-stop feeder, powder spray unit

BINDERY EQUIPMENT

FOLDING MACHINES & ACC.

MBO K76/4 KZ, 1994

round pile feeder, counter, anti-noise hoods, vertical delivery with pressing unit SAP 46

MBO T45/4X, 1992

flat pile feeder, counter MCC2, knife folding unit, shingle delivery

Stahl T 36/4-F2, 1989

flat pile feeder, counter EVZ11, anti-noise hoods, belt delivery

Palamides Alpha 800, 2001

stacking delivery

SEWING MACHINES

Müller Martini Inventa Plus, 2003

feeder 3212, stacker

Smyth Freccia 130, 1985

28 x 38 cm, feeder Kolbus AH

SADDLE STITCHERS

Müller Martini 221/4, 1980

4 feeders 222, 2 stitching heads HK75, trimmer 217, tray delivery

Müller Martini 235/5, 1976

8 feeders 888, oblique sheet control, 2 stitching heads, trimmer 890

Müller Martini 335, 1989

6 feeders 306, cover folder feeder 1528, oblique sheet control, 4 stitching heads, trimmer 890, compensating stacker CS-14

Müller Martini Bravo S, 2001

7 feeders 370, cover folder feeder 1529, stacker Pratico, strapping machine FW 67 with shrink tunnel FK 41, oblique sheet control, staple control

3-KNIFE TRIMMERS

Kolbus HD 151 P, 1998

infeed from the right, Copilot, 2 sets of knives

Müller Martini 3670, 1991

cutting cassettes 4 to 17, 2 sets of knives

Müller Martini 3670, 1991

cutting cassette system, 2 sets of knives

Müller Martini 3670, 1989

infeed belt, 2 sets of knives

Müller Martini Zenith, 1996

infeed belt, cutting cassettes 4 to 17, 2 sets of knives

Müller Martini Zenith, 1995

integrated pre-stacker, cutting cassettes 4 to 17, set of knives

Wohlenberg 44FS50, 1990

infeed belt, integrated pre-stacker, delivery belt, 2 sets of knives, cutting cassette system

Wohlenberg 44FS50, 1985

infeed belt, infeed hopper, cutting cassette system, 2 sets of knives

BOOK SPLITTERS

Müller Martini 3501, 1998

turn-over belt 3605

Müller Martini 3601, 2000

turn-over belt 3605

Wohlenberg TS12, 1988

infeed hopper, 2 saw blades 3,5 mm

STACKERS

Kolbus XRS 130, 1998

compensating stacker with right hand delivery

Müller Martini BLS D 600, 1999

book stacker

Müller Martini CB-16, 1996

compensating book stacker with delivery belt to the left

Sigloch BS-50, 1980

book stacker

Solema Giove, 1999

book stacker

HARDCOVER MACHINES

Oostveen Flexicover machine, 2007

delivery table, Hotmelt wheel applicator, infeed table

Profinish Jack Plus, 1994

jacketing machine, size 39 x 30 cm

Stahl VBF EP160, 1976

forming and pressing machine

PERFECT BINDERS

Kolbus KM 470, 1993

18 stations gatherer ZU 801, 27 clamps, milling station, 2 spine preparation units, 2 Hotmelt gluing units, cold glue pot, 2 Premelters Valco, gauging station, stream cover feeder, 2 nipping stations, lay-down delivery

Müller Martini Baby Pony 246, 1992

5 clamps, milling station, Hotmelt spine gluing, Hotmelt side gluing, pile cover feeder, tray delivery

Müller Martini Corona C18/18", 1997

17 vertical feeders 3681 with ASIR 2, card gluer 315 with Robatech, 8 log loaders, reject delivery 3614, 3 jogging stations 3643, infeed belt, milling station, 3 roughening stations, Hotmelt side gluing, Hotmelt spine gluing, 2 Premelters, SF cover feeder, nipping station, lay-down delivery, reject delivery Quako 3621, conveyor belts, three-knife trimmer 251, stacker CB-16

Müller Martini Normbinder NB 3-SC/18", 1999

24 stations gatherer 3681 with ASAC and ASIR 2, 16 stream feeders 3736, 3 bundle clamps, reject delivery 3714, Copy Control 4312, 34 clamps, milling station, 3 spine preparation units, 2 Hotmelt spine gluing with Premelter, Robatech Hotmelt nozzle side gluing system, SF cover feeder, 2 nipping stations, 2 Ambaflex cooling towers, conveyor belts, three-knife trimmer Zenith S, compensating stacker CB-16

Müller Martini Normbinder NB 3-SFC/18", 1990

18 stations gatherer 3680 (vertical), 2 stations 3680 (horizontal), gatefold feeder, 2 card gluers 315, Robatech Hotmelt, set-up element, escape delivery 3614, 2 intermediate elements, 34 clamps, milling station, 3 separate spine preparation units, Hotmelt spine gluing with Premelter, Hotmelt side gluing with Premelter, stream cover feeder SF, nipping station, pressing delivery, lay-down delivery

Müller Martini Normbinder NB 3.5-S, 1989

16 stations gatherer 3680 (vertical) with Opticontrol, 16 stream feeders, end papering machine 3610, Nordson nozzle system (coldglue), 28 clamps, milling and roughening station, coldglue spine gluing, IR-dryer, Hotmelt spine gluing, side gluing Nordson Hotmelt, Premelter 150L, gauging station, stream cover feeder SF, 2 nipping stations, lay-down delivery title down, conveyor system, book splitter 3601, turn-over/straight belt, three-knife trimmer 3670, DMG B-Stacker

Müller Martini Normbinder NB 5-S, 1991

24 stations gatherer 3690 with Opticontrol, 16 FACH AH 50 stream feeders, gantry, crane, reject delivery 3614, end papering machine 3610, coldglue side gluing, 35 clamps, milling and roughening station, coldglue side gluing, IR-dryer, Hotmelt spine gluing with Premelter, Hotmelt side gluing with Premelter, gauging station, stream cover feeder SF, cover nipper SF, lay-down delivery, conveyor system, book splitter 3601, turn-over belt 3605, three-knife trimmer Zenith 3672, compensating stacker CB-16

Kolbus KM 472A, 1998

perfect binder with 28 stations gatherer ZU 804 with Opticontrol, reject discharge and stacker, 90 degree curve to the left, book block feeder, end papering machine using coldglue, 27 clamps, Copilot, milling and roughening station, Hotmelt spine and side gluing, 2 coldglue spine gluing, coldglue side gluing, IR-dryer, gauging station, pile cover feeder, HF-dryer, 2 nipping stations, lay-down delivery, conveyor belts

Müller Martini Starbinder 3006/18, 1990

handfeeding station, 18 stations gatherer 272, set-up element, 18 clamps, milling and roughening station, Hotmelt spine gluing with Premelter, Hotmelt side gluing, coldglue spine gluing, coldglue side gluing, gauging station, pile cover feeder, nipping station, lay-down delivery, conveyor belts

FILM PACKAGING MACHINES

Sitma C80/750, 1994

6 triple feeders 875, Module 926 with shuttle feeder, Module 571L, 6 feeders 675, belt 711

Bührs MTR, 1995

42 x 30 cm, Autoloader, shuttle feeder, 2 opening stations, 4 inserting stations, Variadress, compensating stacker Rima RS-10

BVM Compacta Trend 4010, 1998

CMC Ritmica Super 300, 1996 book block feeder; main product feeder, first page opener, 2 feeders, wrapping unit with double seal bar, film rollers outside, compensating stacker Robot 305 PM

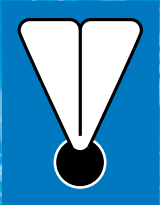

Sitma C80/750, 1993

book block feeder 525, first page opener, Module 741 B space for address head, 5 feeders 675, belt 711

INSERTING MACHINES

Müller Martini 227, 1991

book block feeder, opening station, 6 inserting stations, shuttle table, PLC program

EGS

OFFER

Komori L-228, 1998

38 mio., 52 x 72 cm, high pile delivery, EM model, Komorimatic dampening, Technotrans cooling and circulating device, S-APC for semi-automatic plate change, KMS Komori Monitoring System, PQC remote control, automatic blanket wash-up device, IR-dryer, sheet decurler

Roland R 202 TOB, 1987

34 mio., 52 x 72 cm, Rolandmatic, rapid plate clamps, powder spray unit

Sakurai Oliver 272 E II, 1999

7 mio., 52 x 72 cm, high pile delivery, laser slitted inking knives, Olivermatic dampening, Technotrans cooling and circulating device, Sakurai Interactiv

System, SPC semi-automatic plate change, automatic inking roller wash-up device, automatic blanket wash-up device, powder spray unit

Heidelberg SM 52-2, 2003

16 mio., 37 x 52 cm, Alcolor, Autoplate, CP-Tronic, automatic blanket wash-up device, automatic impression cylinder wash-up device, automatic inking roller wash-up device, powder spray unit, plus-version

Heidelberg GTOZ 52, 1990

58 mio., 36 x 52 cm, plus-version, alcohol dampening, Royse cooling and circulating device, register system 425 mm, powder spray unit

Heidelberg Printmaster GTO 52-2, 2002

3 mio., 36 x 52 cm, DDS dampening, cooling and circulating device, plus-version, electric double sheet control, Weko powder spray unit

Ryobi 522, 1992

12 mio., 36 x 52 cm, semi-alcohol dampening, circulating device, pre-selection counter, rapid plate clamps, register system, sheet decurler, powder spray unit

1 COLOUR

Roland R 201 TOB, 1991

36 mio., 52 x 74 cm, Rolandmatic, suction belt in feeder, rapid plate clamp, non-stop delivery, sheet decurler, Weko T6 powder spray unit

Heidelberg MO-E, 1987

48 x 65 cm, conventional dampening, Bacher Control 2000 register system, single sheet feeder, pre-loading device, electro-mechanical double sheet control, rapid plate clamp, powder spray unit

Ryobi 524HXX-B, 1999

4 colours offset press, 17 mio. impr., 37,5 x 52 cm, high pile delivery, PCS-H remote control, Ryobimatic dampening, AAC Aqua Automatic Control, MGE cooling and circulating device, semi-automatic plate change, automatic inking roller wash-up device, automatic blanket wash-up device, sheet decurler, electronic double sheet control, mechanic double sheet control, powder spray unit

For our up-to-date machinery offer visit: www.egs.nl

Müller Martini Biliner 308, 1986

auto. main product feeder, main product infeed-manually, opening station with suction and sword, 2 solo feeders, 2 tandem feeders, compensating stacker 310

Müller Martini Cohiba, 1999

palletizer with pallet dispenser, no slip sheet feeder

WST Doctor, 1999

palletizer

Polar TR1 ER 145-4, 1996

depiler right

VARIOUS

FACH AH 50, 1999

stream feeders

Müller Martini 3738, 2003

stream feeders

Müller Martini 267, 1990

book block feeder, main product feeder, opening station with mechanical opening, 2 inserting stations, shuttle table

Müller Martini 321, 1996

saddle stitcher with 6 feeders 306, cover folder feeder 1528, 2 stitching heads HK75, trimmer 890, shingle delivery, counter, pumps

For our up-to-date machinery offer visit: www.egs.nl

From our colleague in web presses:

Clauberg Colorstar, 1998

web offset book press, 900 x 640 mm, 450 mm cut off, 2 splicers, 2 double circumference printing units, Jimex spray bars, 2 IR dryers, 2 chills, jaw folder with double parallel, EAE press controls
